

DIVERSITY & INCLUSION PLEDGE

PRSA Pittsburgh encourages members of PRSA to print out the Diversity & Inclusion Pledge, sign it, commit to it and share it with colleagues in their workplace. The intent of the pledge is to advance diversity and inclusion in the communications and public relations profession.

I sign this pledge to represent the commitment I am making to my profession and on behalf of the companies and organizations I represent. Diversity and inclusion are vital to the success of our profession, our members and the communities in which we live and work. It is essential and is our responsibility as members of PRSA to carry this forward. I will help build a diverse and inclusive workplace to create meaningful change not just in this industry, but in society as well. This pledge aims to push for positive change for inclusive workplaces and equal opportunities for people of all backgrounds, cultures and career levels.
